REACH Compliance Statement

The European Union Regulation EC 1907/2006, entitled "Registration, Evaluation, and Authorization of Chemicals" (REACH) came in to effect on June 1st 2007.

The REACH regulations ensure a high level of protection of human health and the environment by controlling the use of harmful substances within the European Union.

Formica Group is a manufacturer of decorative high pressure laminates that are used in the downstream market and are considered to be "Articles" under the REACH regulations. An article is defined in REACH as 'an object which during production is given a special shape, surface or design which determines its function to a greater degree than does its chemical composition'.

The chemical content of products supplied by Formica Limited, Formica IKI Oy and Formica SA have been fully inventoried against the Authorization List – Annex XIV, the Restriction list – Annex XVII and the SVHC candidate list, (the version in effect June 2013,). Product do not contain listed ingredients in volume higher than 100 ppm

Formica Limited acknowledges its responsibility to advice customers of any products in relation to REACH and will continue to monitor the regulations closely to ensure continued compliance.
