霧面+智慧

用於室內設計的創新材料  
INNOVATIVE MATERIALS FOR INTERIOR DESIGN

FENIX.

無限想像的全新作品集

THE NEW GENERAL COLLECTION  
FOR NEVERENDING DESIGN STORIES.

Pedrali, Lunar coffee table  
design by Pio & Tito Toso

# 用於室內設計的創新材料 義大利製造 始於2013年

## INNOVATIVE MATERIALS FOR INTERIOR DESIGN ITALIAN DESIGN SINCE 2013.

2013年，Arpa Industriale創造出一種新材料並以此為基礎，一系列的全新材料誕生了。從鳳凰的傳奇與再生能力中汲取靈感，FENIX®標誌著室內設計故事中突破性篇章的開始。

從外觀來看，FENIX®極致霧面的表面極為矚目。觸摸後，您還會感受到令人愉悅的溫潤質感。更讓人驚訝的是，它不會留下任何指紋，表面的細微刮痕亦可利用熱修復技術處理。

來自世界不同角落的迷人故事是FENIX®經典調色的設計靈感。FENIX®的三個產品系列，都適用於各式垂直和水平面的家具和室內裝修應用。

In 2013, Arpa Industriale created a new material. Evolving over time, a whole new family of materials came to life. Drawing inspiration from the Phoenix's legend and its ability to infinitely regenerate, FENIX® marked the beginning of a breakthrough chapter in the story of interior design.

Created with proprietary technologies, FENIX makes you experience unique features. At first glance, the surfaces strike for their super-matt appearance. By touching them, you feel how pleasantly soft they are, with the further surprise of leaving no fingerprints. Thermal healing of superficial micro-scratches is also possible. Stories coming from different sides of the world are the inspiration behind FENIX timeless palette.

In three different product lines, its surfaces are suitable for furnishing and interior fitting with vertical and horizontal applications.

## 特色 FEATURES

在顯微鏡下進一步觀察 FENIX® 的結構層次，如同自然山谷景觀一般，連綿起伏。  
在光波照射下，各處不同的入射角度，是 FENIX® 打造極致霧面效果的秘訣。

---

低光線反射率、極致霧面  
Low light reflectivity,  
extremely matt surface

---

---

溫潤觸感  
Soft touch

---

---

抗指紋  
Anti-fingerprint

---

---

熱修復功能  
Thermal healing of  
superficial micro-scratches

FENIX NTM<sup>®</sup>為兩個重要的室內設計趨勢：智慧材料及極致霧面提供了科技和美學的答案。

FENIX NTM<sup>®</sup>有多種經典顏色可供選擇，用途廣泛，適合各種室內環境。

FENIX NTM provides a technical and aesthetic answer to two important interior design trends: smart materials and matt surfaces. A combination that makes this material, available in a selection of timeless colours, extremely versatile and suitable for every environment.

創新且更自然，有多種顏色可供選擇，呈現出獨特的優雅氣質。

得益於FENIX NTM<sup>®</sup> Bloom採用木質素做為將木纖維黏合的可再生天然黏著劑，芯材樹脂中的苯酚含量大幅減少50%。

More innovative and made of more natural raw materials, FENIX NTM<sup>®</sup> Bloom is available in different colours of unique elegance. Bloom technology significantly reduces by 50% the phenol in the core's resin thanks to the use of lignin, a renewable natural material defined as the glue that holds wood fibres together.

FENIX NTA® 是一種強化金屬表面材料，適用於垂直及水平裝飾運用。由於具有低光線反射率、溫潤觸感和抗指紋特性，FENIX NTA® 擴展了金屬表面應用的可能性，同時也提供了更多色調。

FENIX NTA® is an enhanced metal surface which can be used both vertically and horizontally. Thanks to low light reflectivity, soft touch and anti-fingerprint properties, it extends metal surface application possibilities also proposing more colour tones.

OHSAS 18001

## FENIX正式進入碳中和時代

FENIX根據每月總銷售材料面積以平方公尺計算，透過碳抵消計劃為減少排放到大氣中的二氧化碳做出貢獻。為了實現碳中和，一切都需要經過計算。從原料的採集與運輸，到FENIX產品的生產，以及最終棄置等等，一切都由獨立的第三方機構進行量化和認證。我們相信「用得更少、做得更多」，我們注重產品的耐用性，並增加產品的生質成分，在使用更少資源的情況下確保產品品質。

### FENIX IS CARBON NEUTRAL

When neutrality means to take a stand instead.

Based on the total quantity of square metres sold monthly, FENIX contributes to the reduction of CO<sub>2</sub> emitted into the atmosphere through carbon offsetting projects. To reach carbon neutrality, everything is measured. From the extraction and transport of the raw materials, through the production of FENIX and, ultimately, their disposal, everything is quantified and certified by a third party. Believing in “do more with less,” we focus on durability and on increasing the bio-based composition of our products, guaranteeing their quality while using less resources.
